

ADMINISTRATION

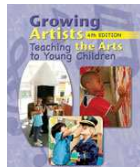

Sciarra, *Developing and Administering a Child Care and Education Program 7e* ©2010

9781439046654 | *International Edition* | Available Now

This book covers the business and interpersonal skills child development professionals need to implement an effective program for young children and their families. It has been thoroughly revised to provide practical information on all aspects of directing a program.

ART & CREATIVITY

Koster, *Growing Artists 4e* ©2009

9781428318120 | Available Now

Beautifully illustrated with children's artwork, *Growing Artists: Teaching the Arts to Young Children, 4e* features a wealth of child-tested dramatic arts, music, dance, and visual art activities that nurture children's creativity.

Mayesky, *Creative Activities for Young Children 9e* ©2009

9781428321809 | Available Now

Teachers, parents, and child-care providers will value this teaching resource that not only promotes creativity in children but also encourages readers to exercise their own creativity. It has a wealth of information covering every conceivable content area that would be encountered in an early childhood classroom, as well as up to grade 5.

Schirmacher, *Art & Creative Development for Young Children 6e* ©2009

9781428359208 | Available Now

This book is written for pre-service and in-service early childhood professionals in child care, preschool, or Kindergarten through third grade settings. It is a comprehensive, must-have resource for establishing and implementing a developmentally appropriate art program.

ASSESSMENT

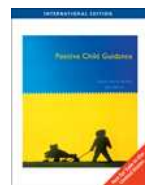

Bentzen, *Seeing Young Children 6e* ©2009

9781418073787 | Available Now

This is an extensive guide to observing and recording the behavior of children from birth, through age eight. This book uniquely blends the theoretical and practical aspects of observing and recording behavior, and begins with a discussion of the basic meaning of observation, and why it is so important to human functioning.

BEHAVIOR AND GUIDANCE

Miller, *Positive Child Guidance 6e* ©2010

9780495807711 | *International Edition* | Available March 2009

Positive Child Guidance, 6th Edition, equips teachers to guide, manage, and cope with the behavior of children. The book provides educators with insight into children's efforts to understand their own emerging needs and feelings while coping with adult expectations.

Kostelnik, *Guiding Children's Social Development and Learning 6e* ©2009

9781428336940 | Available Now

This book focuses on ways professionals and students can help children develop positive feelings about themselves while developing social competence. It offers practical, developmentally appropriate strategies for how to proceed.

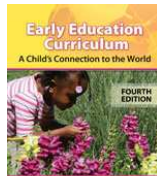

CHILD DEVELOPMENT

Allen, *Developmental Profiles: Pre-birth through Twelve 6e* ©2010
9781439046128 | *International Edition* | Available March 2009

This text highlights major characteristics for each of the developmental domains in a concise, non-technical, point-by-point format. Developmental profiles and case studies have been expanded to include middle childhood and sections featuring children's daily routines.

CURRICULUM

Jackman, *Early Education Curriculum 4e* ©2009
9781428322462 | Available Now

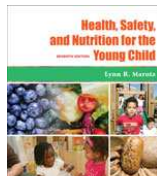

This text focuses on the process of planning and implementing a curriculum and setting up an inclusive child-centered environment. New research and new or revised perspectives in the early childhood field are all integrated into this edition.

HEALTH, SAFETY AND NUTRITION

Robertson, *Safety, Nutrition and Health in Early Education 4e* ©2010
9781439046203 | *International Edition* | Available Now

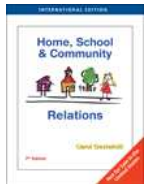

Emphasizing the realities of working with children, the book covers the four major subject areas—safety, nutrition, health, and special topics—and includes vignettes, checklists, and case studies. This thoroughly updated fourth edition includes new Early Childhood Rating Scales (ECER-S).

Marotz, *Health, Safety and Nutrition for the Young Child 7e* ©2009
9780495809463 | *International Edition* | Available March 2009

This text addresses the contemporary health, safety and nutrition needs of infant through school-age children. Two unifying themes that are emphasized throughout the book are the powerful relationship that exists among the three areas (health, safety, and nutrition) and the important role that teachers and families play in helping children establish a healthy lifestyle.

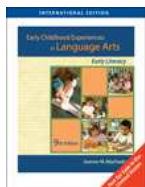

HOME, SCHOOL AND COMMUNITY RELATIONS

Gestwicki, *Home, School and Community Relations 7e* ©2010
9781439046210 | *International Edition* | Available Now

This comprehensive textbook is designed to meet the needs of future and practicing teachers across all grade levels who are trying to create effective partnerships with families. It provides an overview of modern families and their complex roles to sensitize teachers to the diversity and needs of families they will encounter.

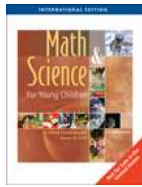

LANGUAGE ARTS

Machado, *Early Childhood Experiences in Language Arts 9e* ©2010
9781439046104 | *International Edition* | Available March 2009

This book encourages reflective thinking, allows practice of skills, and inspires the collection of ideas for future use. Now in its ninth edition, the text offers many features that will provide students with valuable information they can take directly into a teaching practice.

MATH AND SCIENCE

Charlesworth, *Math & Science for Young Children 6e* ©2010
9781439046166 | International Edition | Available Now

This is a unique text that focuses on the integration of math and science along with the other important areas of child development during the crucial birth-through-eight age range. Both math and science are presented from a common conceptual framework, and problem solving is emphasized as the major means for constructing concepts.

MUSIC AND MOVEMENT

Pica, *Experiences in Music and Movement: Birth to Age 8, 4e* ©2010
9781439041499 | International Edition | Available Now

This book teaches students the importance of movement in the physical, emotional, and educational growth of children. In addition to teaching movement's role in traditional child development areas—physical, affective, and cognitive—it details musical and creative development, and is the only text of its kind to do both.

SPECIAL EDUCATION

Deiner, *Inclusive Early Childhood Education 5e* ©2010
9781439046661 | International Edition | Available Now

It is a comprehensive special education resource book designed to help educators navigate the early years of teaching. Readers will continuously return to author Penny Low Deiner's current and responsive text to assist in the diagnosis and education of special needs children with a variety of learning disabilities.

Allen, *The Exceptional Child 6e* ©2009
9781418074012 | Available Now

In this edition of *The Exceptional Child: Inclusion in Early Childhood Education*, many basic issues facing teachers, parents, and individuals working in an inclusive setting are addressed. Proper arrangement of the classroom and the Developmental Behavioral approach is stressed throughout to allow each child a positive and effective environment with appropriate learning opportunities.
